CONSUMER TIPS

- Contact the State Board of Examiners of Master Plumbers to make sure you are hiring a licensed master plumber who is in good standing. The number to call is 973-504-6420.
- If it is not an emergency, contact your local construction official for guidance regarding renovation work.

- If possible, do comparison shopping before hiring a master plumber. Solicit at least two or three bids, based on the same materials, labor and time needed to complete the project.
- Be sure to get everything in writing and read all contracts carefully before signing anything. Your contract should state that the work is to be performed in accordance with all applicable building codes and zoning regulations.
- Do not sign a partial or blank contract.
- Excluding downpayments, pay only for completed work. Be sure to discuss with your master plumber each phase of the work to be performed, and pay accordingly.
- Check with your local department of licensing and permits, before the job is started, to find out if a permit is required and who is responsible for obtaining the permit.
- Check references.
